INTERNATIONAL IT SECURITY CONFERENCE
BUDAPEST, LURDY KONFERENCIAKÖZPONT
28TH MARCH, 2019

#BSIDESBUD2019

1 day of inspiration, education & networking on IT security:

Security BSides is a community-driven framework for building events for and by participants in the information security community. It creates opportunities for individuals to present and participate in an intimate atmosphere that encourages collaboration.

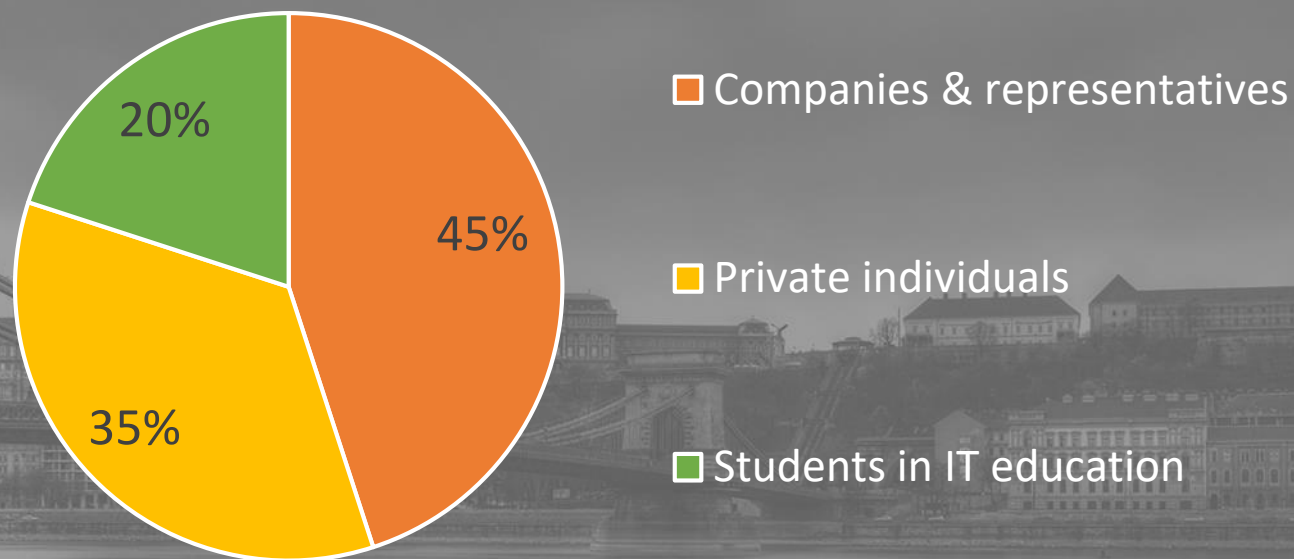

At the third BSides conference in Budapest visitors could listen to 13 presentations and take part in 5 comprehensive, 2 hours long workshops throughout the day. Besides Hungarian IT professionals, there were speakers from Germany, Finland, Austria, France, Bulgaria and Luxembourg as well, making a great and truly international atmosphere.

Target group:

BSidesBUD 2019 is not only for IT experts who want to build relationships and exchange experiences with similar professionals, but it is the event for IT specialized students too, who are interested in, or want to work in the field of IT security.

Number of participants in 2019: 450 people

Share of participants in 2019:

Participants came from 12 countries:

Czech Republic
Germany
Finland
Austria

Hungary
Slovakia
Poland
Romania

France
Great Britain
Slovenia
Bulgaria

Conference hall | 08:35 – 18:10

Rakhim Davletkaliyev (FI) - How will cryptography survive the rise of quantum computing?

Barnabás Sztán-Kovács - FRIDA, the "hooker"

Tobias Schrödel (DE) – Social networks are social weapons

Guillaume Lopes (FR) - Abusing Google Play Billing for fun and unlimited credits!

Dávid Török - Sustainability of the x86 insecurity model

Julien Thomas (FR) – Abusing of leaked data & vulnerable user assets on Android

Tomi Tokics – Return oriented exploitation on ARM
